

Request to defer SWK4701 Practicum 1 or SWK4702 Practicum 2 course to Spring/Summer Semester

The MSW program is designed with classes scheduled on Mondays and Tuesdays, and Practicum on Wednesday, Thursday, Friday. In order to maximize student learning, the development of required competencies and the integration of theory with applied learning and self-reflection. The Practicum Office understands that serious and emergency health and other personal situations may prevent a student from undertaking a practicum course in the regular schedule.

Under such conditions, a student may request a deferral of their Practicum course, assessed on a case-by-case basis. Should you be experiencing highly unique conditions that may warrant a deferral of Practicum to the Spring/Summer semester, please complete this form and submit to practicum.fsw@utoronto.ca.

Note:

- Spring/Summer semester Practicum protocol will be determined at a later date. This is dependent on the number of Practicum offers received.
- Please be aware that the availability of practicum opportunities in the spring/summer is limited.

Student name:

E-mail:

This is a request to defer: SWK4701H Practicum 1 or SWK4702F Practicum 2

Rationale for requesting to defer the Practicum course:
