In describing activities, field instructors are to review the evaluation competencies to ensure the activities will provide their student the opportunities to develop competencies. Please reference the PDF version of the Evaluation in the Practicum Manual on the FIFSW website to complete of the Learning Contract.

The competency domains for *indirect practice* are:

- learning and growth, and self-care
- behaviour and relationships in the organization
- leadership

- critical thinking/analysis, planning and implementation
- written and verbal communication
- values and ethics

Learning Assignments
(Year 1 students--see *Practicum Manual* on website re: requirements for two levels of intervention. Year 2/Advanced Standing students can focus on one intervention level if desired).

## **Learning Objectives**

These objectives (as above) must:

- 1. reflect the competency domains/learning areas (refer to the following link for information on competencies: http://socialwork.utoronto.ca/practicum/practicum-manual-2/overview-of-the-msw-program-and-practicum/#yr2practicum);
- 2. address specific areas for growth identified in previous practicum or employment evaluation;
- 3. be compatible with the nature/scope of the practicum;
- 4. be realistic, concrete, observable and/or measurable, and fit within the FIFSW competency-based model for evaluation. Add additional pages if necessary.
- 5. Consider principles of Diversity, Equity, and Inclusion and Anti Racist frameworks.

Please develop at least one learning objective for each of the six domains listed. (add rows as needed)

Domain	Learning objective Example: complete comprehensive agency records	Activities to achieve objective Example: prepare draft records for Fl review	Methods/criteria for evaluation* Example: progressively decreasing edits by field instructor
1. learning and growth			
2. Behaviour and relationships in the organization			
3. leadership			
4. critical thinking/analysi s, planning and implementation			
5. written and verbal communication			
6. values and ethics			

For clarification of the compatibility of learning activities and evaluation competencies, consult your FFL.

## **Possible Evaluation Methods**

Select methods to be completed *during practicum hours* and for which students will be evaluated.

Evaluation Method	How often? (daily, weekly, monthly, every Thursday)
A/V recording and written analysis	
Weekly process recordings	
Agency/hospital records	
Reflection logs/journals	
Notes, memos, letters	
Minutes of meetings	
Drafts of reports	
Other (specify)	

Students must be regularly observed in professional interactions. Process recordings and/or reflection logs or journals must be submitted weekly to the field instructor. Example documentation, critical for review by the instructor in the mid-term and final evaluation, and for review by the FFL if a student is not meeting the competency standards, should be retained. .

In direct practice settings students must record client interactions and weekly complete a written analysis on a segment. It is the mutual responsibility of student and field instructor to ensure these procedures are followed and, if necessary, to consult the FFL to seek assistance in completion of this requirement.

Observations of client interviews, formal presentations, group facilitation, team/staff meetings, chairing committees, etc.:	Details? How often? When?
