

Request to defer Practicum I course SWK4701H to Spring/Summer 2023

The MSW program is designed with classes scheduled on Mondays and Tuesdays, and Practicum I on Wednesday, Thursday, Friday from January to May 2023. This model of training is designed in order to maximize student learning, and the development of required competencies by the integration of theory with applied learning and self-reflection. The Practicum Office understands that serious and emergency health and other personal situations may prevent a student from undertaking Practicum I in January.

Under such conditions, a student may request that a deferral consideration of their Practicum I course. Each deferral will be assessed on a case-by-case basis. Should you be experiencing highly unique conditions that may warrant a deferral of Practicum I to spring/summer 2023, please complete this form and submit to practicum.fsw@utoronto.ca.

Note:

- The Practicum I course is scheduled during the winter/spring session, January to May 2023. Year I students will be given priority for practicums offered in January.
- Spring/summer 2023 practicum protocol will be determined at a later date. This is dependent on the number of Practicum II offers received. Priority for spring/summer 2023 practicums will be given to Practicum II students requiring the course to graduate.
