Year 2 Practicum

September 2024-April 2025

**Please provide a description of the practicum site and student activities:**

Individual and Family Services at CCMH supports families and children ages 0 to 17. The team is made up of child and family therapists (MSWs/RPs), Occupational Therapists, Psychologists, and Psychiatrists. The student completing their practicum here will gain experience providing psychotherapeutic support through Single Session Consultation, Brief Therapy, Group Therapy, Family Therapy, and Individual Therapy. They will have the opportunity to attend case presentations, child and family focused seminars and grand rounds. The student's work will be guided through weekly supervision sessions, as well as clinical consultation and collaboration with interprofessional team members. The practicum will also involve a case management component, whereby the student will also need to collaborate with external stakeholders such as school staff and child protection workers.
