Item	Field Instructor	Student	Comments
Field instructor and student identify opportunities for the student to develop FIFSW competencies.			
Field instructor provides opportunities for the student to observe their work and the work of others where applicable.			
Field instructor regularly directly observes the student's work.			
Field instructor and student debrief after team/client/other meetings. Examples of student objectives include: contribute to agenda and prepare for supervision communicate professionally verbally and in writing ask appropriate questions/follow policies & procedures demonstrate use of self/reflection.			
Field instructor challenges the student to explore the literature/best practices/relevant class readings.			
Student demonstrates integration of theory with their practice.			
Field instructor and student demonstrate mutual respect for each other's opinions/reflections and feedback.			
Field instructor has communicated with student whether the competencies (see list in this document) are at a stage-appropriate level. If progress is not satisfactory, the FFL has been contacted and a plan for success has been put in place.
